Where should I enroll my child?

To ensure the best learning environment, our children's courses are organized by both age group and language proficiency, matching both developmental maturity and French ability. Please consult the chart below to find the ideal placement for your child!

Choosing the Right Track: We offer both Beginner and Upper Beginner tracks for young learners. While 5- to 8-year-olds cover similar core concepts, the learning pace varies:

- **Beginner:** Ideal for students completely new to the Alliance Française.
- **Upper Beginner:** Designed for a faster pace and best suited for children who have previously taken classes with Marion.

For continuity and student comfort, we recommend remaining in the same track with your child's current instructor whenever possible.

FLE Beginner courses 5-13 are taught by Crystal Chase, and FLE Upper-Beginner courses 5-18 are taught by Marion Hannachi.

- **FLE =** French as a Foreign Language *(Français Langue Étrangère)*
- **FLS =** French as a Second Language *(Français Langue Seconde)*
